

Hands-on tinyML

Preparing the setup

Francesco Paissan
University of Trento, Mila - Québec AI Institute

April 7, 2025

Table of Contents

Week 1: Neural network design and training

Week 2: Neural network deployment

Week 1

For week 1, we will be using [Google Colab](#). You only need a Google account (the university account also works).

Table of Contents

Week 1: Neural network design and training

Week 2: Neural network deployment

Week 2

For week 2, we will be using [ST Developer Cloud](#). Please create an account. Also, download and install:

- [STM32CubeMX](#);
- [STM32CubeIDE](#);
- [STM32Cube.AI](#) - you will find this as an extension within CubeMX.

IMPORTANT: Remember to bring your USB adapter if your laptop does not have a USB port.

For any issue related to installation, please get in touch with the instructor at:

francescopaissan@gmail.com
